

KNOW WHO TO TRUST

The Internet is great

But you need information from a reliable source

**There's a lot of real estate information
out there, but it's not all good.**

Some real estate websites give you:

- Homes listed as for sale that are no longer on the market
- Home values off by 20% or more
- Listings by someone other than the seller's representative
- Outdated asking prices

Whenever you're buying, selling, or leasing real estate, ask someone you can trust. Make sure your source is a Texas REALTOR®. Online and in person, Texas REALTORS® are the experts.
